Product Data Sheet

STREAMLINE 0919 INK JET INKS

Streamline 0919 range have been specifically formulated for use with Roland printers which have been converted to accept "full" solvent inks. They combine high quality, bright strong colours with the excellent adhesion and reliability normally expected with this type of ink.

PRODUCT INFO:

- Full Solvent inks
 - for use with machines which use Epson 10000 print heads and have been converted to use full solvent inks
- Good adhesion/chemical resistance
- Good jetting properties
- Excellent print head stability

N.B. Please note that it is essential that before these inks are introduced into any machine that it has been confirmed that all components which may come into contact with these inks are resistant to solvents contained in the inks.

| Streamline Code | Colour | Recommended machine |
|-----------------|-------------------|---------------------------|
| SWFPC0919 | Cyan | Mimaki/Roland/Epson Heads |
| SWFPM0919 | Magenta | Mimaki/Roland/Epson Heads |
| SWFPY0919 | Yellow | Mimaki/Roland/Epson Heads |
| SWFPK0919 | Black | Mimaki/Roland/Epson Heads |
| SWFLC0919 | Light Cyan | Mimaki/Roland/Epson Heads |
| SWFLM0919 | Light Magenta | Mimaki/Roland/Epson Heads |
| SWFFS0919 | Cleaning Solution | Mimaki/Roland/Epson Heads |

COMPATIBLE MEDIA: Streamline inks are suitable for the range of media recommended for the machines listed above. These include back lit and front-lit vinyl, banners, blue back and wet strength papers and mesh.

OUTDOOR EXPOSURE: Accelerated weathering tests indicate that Streamline inks have an expected outdoor life of up to 3 years.

Accelerated weathering tests simulate exposure in a middle European climate. It is essential to note that many arbitrary factors will affect the outdoor durability of all inks, ink deposit, media, climate and position etc. Further advice and guidance on the suitability of jet inks for prolonged outdoor use can be obtained from your local Sun Chemical Screen branch.

FLUSHING SOLUTION: Compatible Flushing solution is available and should be used when it is felt essential to completely clean an ink from the printer.

SHELF LIFE: Streamline inks have a shelf life of 12 months from the date of manufacture.

STORAGE: Ideally Streamline inks should be stored at between 5-32⁰C, out of direct sunlight.

PACK SIZE: 1 Litre bottles

SAFETY REGULATIONS: Detailed Health and Safety Data sheets can be provided by your local Sun Chemical Screen branch.

This information has been carefully compiled from experience gained in the laboratory and under commercial conditions. However, the product's performance and its suitability for the customer's purpose depend on the particular conditions of use and the material being printed. We recommend that customers satisfy themselves that the product meets their requirements in all respects before commencing a print run. Since we cannot anticipate or control the conditions under which the product is used it is not possible to guarantee their performance. All sales are subject to our standard terms and conditions of sale.

We would point out that the information contained in this leaflet is only a recommendation and may need to be altered to suit the conditions and efficiency of the equipment employed. Sun Chemical Screen products are not designed for use in conjunction with those of any other ink maker or similar supplier unless agreed in writing.
